

PRODUCT USES

A liquid, concentrated rinse aid for use in high temperature or low temperature dishmachines. Provides fast drying and prevents film or spots on tableware.

OPERATOR BENEFITS

- Performs well in difficult water conditions.
- Fast sheeting prevents tableware spotting or filming.
- Formulated for low rack-cost economy.

DIRECTIONS FOR USE

1. Carefully open the container to prevent spilling or splashing.
2. Insert the rinse aid pickup tube into the container opening.
3. The rinse aid is then dispensed automatically into the dishmachine.
4. Replace with new container when empty.

HANDLE EQUIPMENT

Consult your account advisor for information on the equipment required depending on the application.
