

MT-BREAK

PRODUCT USES

MicroTech Break is a caustic alkaline detergent. It features a hyper-concentrated alkaline agent that contains both water conditioners and rust inhibitors. Its unique formula has a great capacity to fight grease under the most difficult water conditions.

OPERATOR BENEFITS

- Prevents greying of fabric.
- Removes heavy greasy soils.
- Powerful alkaline builders.

DIRECTIONS FOR USE

Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled linen into laundry machine. 4. In wash cycle, inject microTECH Break and microTECH Suds or microTECH Liquid Laundry Suds. 5. When bleaching, inject OLG Destainer or microTECH Liquid Oxygen Bleach. 6. When souring and softening, inject microTECH Liquid Laundry Sour and Rust Remover and microTECH Whisper. A final pH of 5.5-6.5 is recommended for the fabric.*This product is compatible with ozone laundry systems.

HANDLE EQUIPMENT

Recommended automatic liquid laundry injection system.
